

## ZA-P43 PC X spiral belts

For steel, stainless steel and aluminium

TYROLIT spiral belts are used for fine grinding and deburring work, as well as shaping complex workpieces. The combination of zirconium and an additional coolant enables them to be used on many different materials. The variety of grit sizes available means they can be used for very high stock removal or fine grinding.

The spiral belts can easily be mounted on an axle or an expandable mandrel. Accessories also form part of our assortment.
